

# FACIL

## HEALTH AND SAFETY PRECAUTIONS

During your stay in the restaurant, please maintain the required minimum distance of 1.5 meters to guests and staff whenever possible.

Ideally, sneeze and cough into a disposable handkerchief and dispose of it immediately. If you do not have a handkerchief at hand, sneeze and cough into the crook of your arm.

Please wash your hands regularly. We have provided disinfectant and soap throughout the restaurant. If possible, do not touch your eyes, nose or mouth.

Of course we also attach great importance to the disinfection of our tables and chairs. We guarantee you a very clean and therefore safe stay in the restaurant.

We recommend that you use your EC or credit card as a means of payment (preferably contactless) to minimize personal contact.

If you should show symptoms of a respiratory disease, you are unfortunately not allowed to enter the hotel and restaurant.

If you have further questions, please contact our restaurant team.
